HELPING YOU SUCCEED

In addition to interpreting and translating services, CESA 6 strives to build positive relationships with school district administrators and school staff to determine common needs relating to best practice and the educational services of EL and immigrant students.

The CESA 6 Language and Culture Center supports schools in developing effective programs, educating all teachers and instructional staff through high quality, innovative, and collaborative professional development.

The CESA 6 Language and Cultural Center provides resources to promote the academic achievement of our Global and English Learners through a variety of venues. Our language experts can provide:

- Networks and consortiums
- Professional development
- Electronic, subscription based professional newsletter and social media
- Customized program development and program assessment
- Certified staff to implement required English language proficiency assessments of students
